WHAT IS AMI?

Ami isn't a car - it's an all-electric two-seater quadricycle! Ami offers you a new approach to tomorrow's urban mobility needs today. It has two spacious seats, is ultra-compact and it couldn't be easier to drive! Quiet and responsive, it features a 6 kW electric motor for instant acceleration and agile driving. The interior is surprisingly spacious, has space for luggage and features a near-360 degrees of glass coverage, providing you with great visibility wherever you look.

ami
100% ELECTRIC

EVERYDAY MOBILITY

Ami features a range of up to 46 miles (WMTC test cycle), ideally suited for most daily journeys - whether that's popping to the shops, getting to and from work or meeting up with friends for a coffee. As Ami is a light quadricycle, it requires a minimum of an AM licence to drive.*

*The back of your licence lists which category permissions you hold. Provisional licence holders are not able to operate the Ami.

IMPORTANT TO KNOW

Ami is also limited to 28mph, perfectly designed for an inner-city environment. As such, faster roads are not made for Ami and it is not legally permitted on UK motorways. We would recommend sticking to lower speed roads where Ami is best suited.

THREE HOURS TO FULL

Charging Ami couldn't be simpler, just unroll the built-in charging cable, found behind the passenger door, connect up the Type 2 adapter and plug in for a full charge in just three hours*.

Charge your Ami at home, at work or using the UK's public charging network thanks to Ami's ability to charge via a Type 2 charger.

*Ami is supplied with a type 2 charger that connects to Ami's European two-pin plug. This ensures Ami can be charged using the UK's charging network and at home or work via a wall box. Charging via a wall box does not decrease charging time, as the Ami itself dictates the charging speed as opposed to the charging solution. Please ensure you have access to an appropriate charging solution. Speak to your local retailer or Ami Expert for more details.

ULTRA-COMPACT ULTRA-AGILE

With its compact 2.4 m length, agile handling, and 7.2 m tight turning circle, Ami is a joy to drive both in the city and the suburbs. Ami couldn't be easier to park thanks to all-round visibility, a high driving position and compact dimensions - The Ami takes up just half a parking space. The Ami's overall length and your positioning in the vehicle also mean its left-hand-drive configuration feels just as natural to drive. An additional benefit to this configuration is a safer kerb-side exit for the driver.

PANORAMIC VIEWS

Thanks to its standard-fit panoramic roof, Ami provides passengers with a light and airy interior, complemented by the large front windscreen and side windows. A near-360-degree glass coverage ensures excellent visibility for both driver and passenger.

PLUG & PLAY

Ami features a single USB just to the right of the steering wheel, ensuring you can keep your devices charged on the go, and a shelf to mount your smartphone using the optional holder. You can even connect to your Ami to view handy information via the My Citroën app.

*DAT@AMI device required which is available as an accessory, as part of one of the accessory colour packs, or as standard with Ami Pop and Ami Vibe.

SURPRISING STORAGE

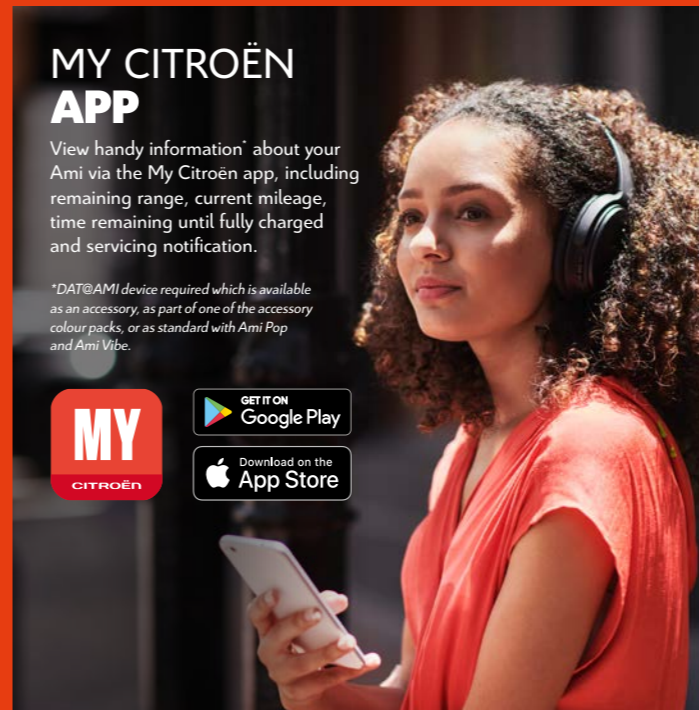

Ami's interior has been designed to ensure the space has been maximised for both passengers and their luggage. Even with its compact size, Ami features a storage area in front of the passenger seat, large enough for a cabin-size suitcase. There's also an optional bag hook, door nets and front storage compartments as part of one of the three Colour Packs to increase storage space further.

MY CITROËN APP

View handy information* about your Ami via the My Citroën app, including remaining range, current mileage, time remaining until fully charged and servicing notification.

*DAT@AMI device required which is available as an accessory, as part of one of the accessory colour packs, or as standard with Ami Pop and Ami Vibe.

LIFESTYLE ESSENTIALS

Discover the latest lifestyle essentials for your Ami, including custom Ami Ultimate Ears Boom Bluetooth® speaker, Ami keyring in three colour choices and hands-free kit on the Citroën Lifestyle store <http://lifestyle.citroen.com>

MAKE AMI YOUR OWN

Choose from three Colour Packs and two special editions to bring Ami to life. The three Colour Packs* - Orange, Grey and Blue - are supplied as a pack with the vehicle and can be easily installed at home. Each contains colour-coded interior and exterior accessories, plus a phone holder and DAT@AMI dongle. Ami Pop and Ami Vibe special editions are fitted before delivery and take things one step further with exterior body cladding, roof spoiler and roof rack**.

**Available as an accessory.*

***Depending on the version selected, the roof rack is for design purposes only.*

THE PERFECT SOLUTION FOR FORWARD-THINKING BUSINESSES

ECONOMICAL

100% ELECTRIC MEANS ACCESS TO RESTRICTED CITY CENTRES

FLEXIBLE
ULTRA-COMPACT
AGILE

Designed to meet the short-range needs of today's diverse businesses, My Ami Cargo has all the same qualities as Ami, but in a specialist commercial version. The passenger seat is replaced with a loading space/mobile office which provides an overall usable volume of 400 litres. It's economical and very easy to charge, whilst at 2.41m long (under 8 feet) and with a turning circle of 7.20m, it's easy to manoeuvre and takes up only half a parking space.

MY **ami** [CARGO]

TOTAL USABLE VOLUME OF 400 LITRES
OVERALL PAYLOAD OF 140 KG

LOADING LENGTH UP TO 1.2 METRES

UP TO 40 KG SHELF STORAGE

NET AND HOOKS TO SECURE ITEMS

The loading area of My Ami Cargo has a flat floor which can be adjusted to two levels. In the horizontal position, it has a usable length of 1.2 metres.

The passenger seat is replaced with a loading space of 260 litres. Above this modular box, a shelf is fitted which can support objects weighing up to 40 kg.

My Ami Cargo has hooks so you can secure fragile objects easily using straps. A vertical load-retaining net (available as an accessory) secures objects when the door is opened.

100% ELECTRIC

My Ami Cargo is the perfect partner for your day-to-day business needs. It allows you to enjoy all the benefits of an electric vehicle: quiet, comfortable and thanks to its immediately-available torque, easy to drive. Its battery is guaranteed for 3 years or 25,000 miles.

Photos non contractuel.

100% CHARGE IN 3 HOURS

The 5.5 kWh lithium-ion battery on My Ami Cargo can be fully charged using a charging point in just 3 hours – all you need to do is plug it in.

RANGE OF 46 MILES*

Perfectly adapted to short journeys both in and out of town, My Ami Cargo has a range of up to 46 miles. Its 6 kW motor allows it to reach a maximum speed of 28 mph.

*Value approved in accordance with the WMTC protocol which is the valid test for this vehicle's category.

MOBILE OFFICE

Above its loading space, My Ami Cargo is fitted with a shelf which can be used as a cover. Able to support a weight of 40kg, this transforms the vehicle into a mobile office: an A4 format recess is provided to accommodate either a delivery note, an order book or a tablet computer.

Modular and retractable, the shelf can either be raised towards the driver for better accessibility to the storage area from the outside, or raised towards the passenger door in order to easily reach the contents from the driver's seat.

At the rear, an independent storage compartment can protect objects that need to be kept secure, for example, a smartphone or sunglasses.

MY CITROËN APP

Via the DAT@AMI connected unit*, access all of My Ami Cargo's data on your smartphone: range, mileage, time until fully charged, and servicing alerts.

*Available as an accessory.
