During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

# 1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

# 2019

The spectacular design of the 100% electric 19\_19 Concept is inspired by aeronautics and pushes comfort to the extreme, with a lounge on-the-move experience created by intelligent suspension. It also provides autonomous driving, a personal assistant and a range of 500 miles.

## CITROËN Origins

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

### 1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

### 1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

### 1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

### 1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

### 1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

### 1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

# ELEGANCE WITH PRESENCE

With a muscular profile and plenty of attitude, Citroën C5 Aircross SUV redefines the feel of its class. Imposing and bold, it's elegantly contemporary in every detail, without a trace of arrogance. At the front, there's the unmistakable and proud double chevron design and powerful curved side panels. The 360° glazed surfaces are highlighted by a dynamic chromed 'C' motif. Rear lights feature four oblong 3D LED modules, which emphasise the vehicle's broad stance.

# POWER WITH CONTROL

## GRIP CONTROL WITH HILL DESCENT ASSIST\*

An SUV needs to take varied and difficult surfaces in its stride. Citroën C5 Aircross SUV provides secure traction in all conditions thanks to Grip Control. This ingenious system has five modes, which you can select instantly using a dial on the centre console. For safety and control while travelling downhill there is also Hill Descent Assist, which minimises the risk of skidding or unwanted acceleration as you descend. It works in both forward and reverse gears as well as neutral.

# THE INTERIOR, REFINED

The moment you open the door, you'll sense it. Citroën C5 Aircross SUV welcomes you with a rare mix of refined comfort and space. Settle in and you'll quickly appreciate the high driving position, great visibility and prestigious feel. The horizontal lines of the dashboard subtly incorporate a range of useful technology, such as the 8" touchscreen. Carefully selected colours and tactile materials such as cloth and Nappa leather are inspired by quality luggage and the world of travel. Gloss black details and chrome inserts emphasise the inspired attention to detail.

# UNRIVALLED COMFORT THANKS TO CITROËN INNOVATIONS

## CITROËN ADVANCED COMFORT® SUSPENSION

A Citroën exclusive, C5 Aircross SUV's suspension offers supreme comfort at all times. It absorbs and filters out everything from big bumps to small imperfections in any road surface, creating the impression that you're just flying over them, whilst guaranteeing excellent dynamics and road-holding.

### EXCEPTIONAL FILTERING

While traditional suspension systems are made up of a shock absorber, a spring, and a mechanical stop, Citroën Advanced Comfort® Suspension adds two hydraulic stops, one for compression and one for relaxation.

For larger bumps, these hydraulic stops slow the suspension travel in a progressive way, avoiding sudden jolts and the rebound effect.

For light compressions and relaxations, these hydraulic stops create a 'flying carpet' effect to smooth out imperfections in the road.

# THE FUTURE OF SAFER, EASIER DRIVING

Highway Driver Assist\* is a big step towards semi-autonomous driving, allowing you to programme Citroën C5 Aircross SUV to manage important elements of the journey on any road. Simply select a speed above 19 mph and the system will maintain your position in lane by following road markings. Using the adaptive cruise control with Stop&Go function, Citroën C5 Aircross SUV can then stop and move off again to match the movements of the vehicle in front. Now you no longer need to constantly manage speed and direction during journeys, as your vehicle is safely in control. For Highway Driver Assist to keep working, your hands need to be on the steering wheel, and naturally you can take over control at any time.

\* Standard on selected versions.

# UP TO 19 SAFETY AND DRIVER AID SYSTEMS

⊘ CAN BE DEACTIVATED

 <p><b>HIGHWAY DRIVER ASSIST*</b></p> <p>This major advance allows Citroën C5 Aircross SUV to control key driving tasks during any journey. The system maintains your position and speed in a chosen lane, and manages stopping and restarting to match the movements of vehicles in front.</p>	 <p><b>ADAPTIVE CRUISE CONTROL WITH STOP&amp;GO FUNCTION*</b></p> <p>Using a camera, this system detects the vehicle in front and automatically maintains a safe distance chosen by you. Using the brake and accelerator, it can safely stop and move off without any driver intervention. Adaptive Cruise Control with Stop &amp; Go function is available with the EAT8 automatic gearbox.</p>	 <p><b>ADAPTIVE CRUISE CONTROL*</b></p> <p>This system uses a camera to maintain a safe distance from the vehicle in front, at speeds above 19mph.</p>	 <p><b>ACTIVE SAFETY BRAKE</b></p> <p>This is a reassuring safety feature that minimises the risk of collisions. Working from speeds of 3 mph, it detects both fixed or moving obstacles as well as pedestrians. If it detects a collision risk, Active Safety Brake sends an alert to the driver, and if they don't react, the system stops the vehicle automatically.</p>	 <p><b>COLLISION RISK WARNING</b></p> <p>Using a front-mounted radar to warn you if there's a risk of collision, this technology helps you to maintain exactly the right distance from the vehicle in front. It works from 19mph.</p>	 <p><b>ACTIVE LANE DEPARTURE WARNING SYSTEM</b></p> <p>Using a camera to recognise different road markings, this system gently steers your vehicle back into the correct lane if it detects a change in direction without the indicators being used.</p>	 <p><b>DRIVER ATTENTION ALERT</b></p> <p>By evaluating changes in direction relative to road markings, Driver Attention Alert can analyse driver alertness and send a warning when necessary. It's a useful safety feature; especially on roads where the speed limit is over 40mph.</p>	 <p><b>BLIND SPOT MONITORING SYSTEM*</b></p> <p>Really useful on multi-lane roads, this monitoring system warns you if there's a vehicle in your blind spots, using an orange LED in the corner of the door mirror.</p>	 <p><b>AUTO INTELLIGENT BEAM HEADLIGHTS*</b></p> <p>When vehicles are detected coming towards you or overtaking, Intelligent Beam Headlights will switch from main to dipped beam. It ensures you always have the right lighting for night driving.</p>	 <p><b>EXTENDED TRAFFIC SIGN RECOGNITION AND SPEED RECOMMENDATION*</b></p> <p>Keeping you fully informed of speed limits at all times, this innovation uses a camera to detect signs, so that you can adjust your cruise control or speed limiter to match. It also detects Stop, One Way and No Overtaking signs.</p>
---	---	---	---	--	---	---	--	--	---

\* Dependent on version.

# UP TO 19 SAFETY AND DRIVER AID SYSTEMS

**(P)**  
**PARK ASSIST\*\***  
 Perfect for parallel or bay parking, this system can detect a space, then automates the steering to park in complete safety. All you need to do is engage the gears and control the accelerator and brake.

**(Traction Control)**  
**GRIP CONTROL WITH HILL DESCENT ASSIST\*\***  
 Here's a traction control system created to optimise front wheel grip for every kind of road surface. The dashboard-mounted dial makes it easy to select one of the 5 modes: Standard, Snow, Sand, Mud and ESP OFF. Hill Descent Assist holds your vehicle at a low, controllable speed on steep slopes. You can activate it from a button on the centre console and it works in forward and reverse gears.

**(Coffee Cup)**  
**COFFEE BREAK ALERT**  
 When it's time to take a break, this system sends you a warning. It activates once you've been driving for 2 hours continuously at more than 40mph.

**(Keyless Entry)**  
**KEYLESS ENTRY AND START\***  
 Convenient and ingenious, you can now lock and unlock without getting your key out. The vehicle recognises you as you approach.

**(P)**  
**ELECTRONIC PARKING BRAKE**  
 Safe and easy, the Electric Parking Brake applies automatically when the engine is switched off and releases when you move away. You can also use it manually using the control paddle.

**(Play)**  
**REVERSING CAMERA WITH TOP REAR VISION\***  
 Engage reverse and the camera displays a 180° rear view on your touchscreen. Additional coloured lines make the position of obstacles clearer, and when you approach them, the camera zooms in automatically.

**(Trailer)**  
**TRAILER STABILITY CONTROL\*\***  
 When you have towing equipment fitted, this feature works with the ESP system. If it senses the trailer beginning to sway, it uses the vehicle brakes to maintain stability.

**(Hill Start)**  
**HILL START ASSIST**  
 Designed to prevent unwanted movement when you release the brake pedal on slopes, Hill Start Assist works on gradients over 3%. It holds the vehicle for about 2 seconds, giving you time to move calmly from brake to accelerator pedal.

**(Fog Lights)**  
**FOG LIGHTS WITH STATIC CORNERING FUNCTION\***  
 Providing an additional light beam on the inside of bends, this innovation makes tricky bends and junctions safer and easier to navigate.

\* Dependent on version.  
 \*\* Available as an option.

<sup>1</sup> Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration), variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicle Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. The CO<sub>2</sub> figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

WARRANTY

• **CITROËN WARRANTY**  
Every new Citroën car has the benefit of a 3 year\* warranty package, plus a 12 year anti-perforation\*\* warranty and a 3 year paint warranty.

• **CITROËN ASSISTANCE**  
Citroën Assistance brings rapid expert roadside assistance to you in an emergency in response to a telephone call. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details, please contact Citroën at <https://www.citroen.co.uk/owner-services/emergency-assistance>

\* 2 years' unlimited warranty. No-fee customer option of 1 year's retailer provided warranty, only on cars sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 60,000 miles for cars.

\*\* Against all internal to external perforation to bodywork or underbody.

CONTRACT

• **CITROËN MAINTENANCE**  
From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën retailer or Citroën Authorised Repairer.

• **CITROËN SERVICING**  
Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën retailer.

• **CITROËN MOT TEST**  
Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën retailer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by DVSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

**DOWNLOAD THE MYCITROËN APP**  
on your smartphone and benefit from information and services personalised to your Citroën vehicle.

**DOWNLOAD THE SCAN MY CITROËN MOBILE APP**  
Get all the vital information at your fingertips. Scan features and components and access details of the exact new Citroën that you're interested in.

**RATE, SUBMIT AND SHARE YOUR OPINION ABOUT YOUR VEHICLE**  
or in a Citroën retailer when purchasing or servicing your vehicle. Ratings and reviews are published on the Citroën's website.

**SIMPLIFY YOUR MOBILITY WITH FREE2MOVE**  
An application which meets all of your mobility needs: car sharing, car rental, electric charging, and booking hybrid bicycles and parking. Download Free2Move.

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO<sub>2</sub> figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO<sub>2</sub> and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures.

\* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.
